

Innovation in GIS with Large Format

Lee Kok Wai
Country Business Manager
Large Format Printing Business

GIS data is complex

Photogrammetry, Cartography, Geodesy, Earth observation, Positioning and surveying

Need in Geo Spatial

Working with complex data

Decision Making

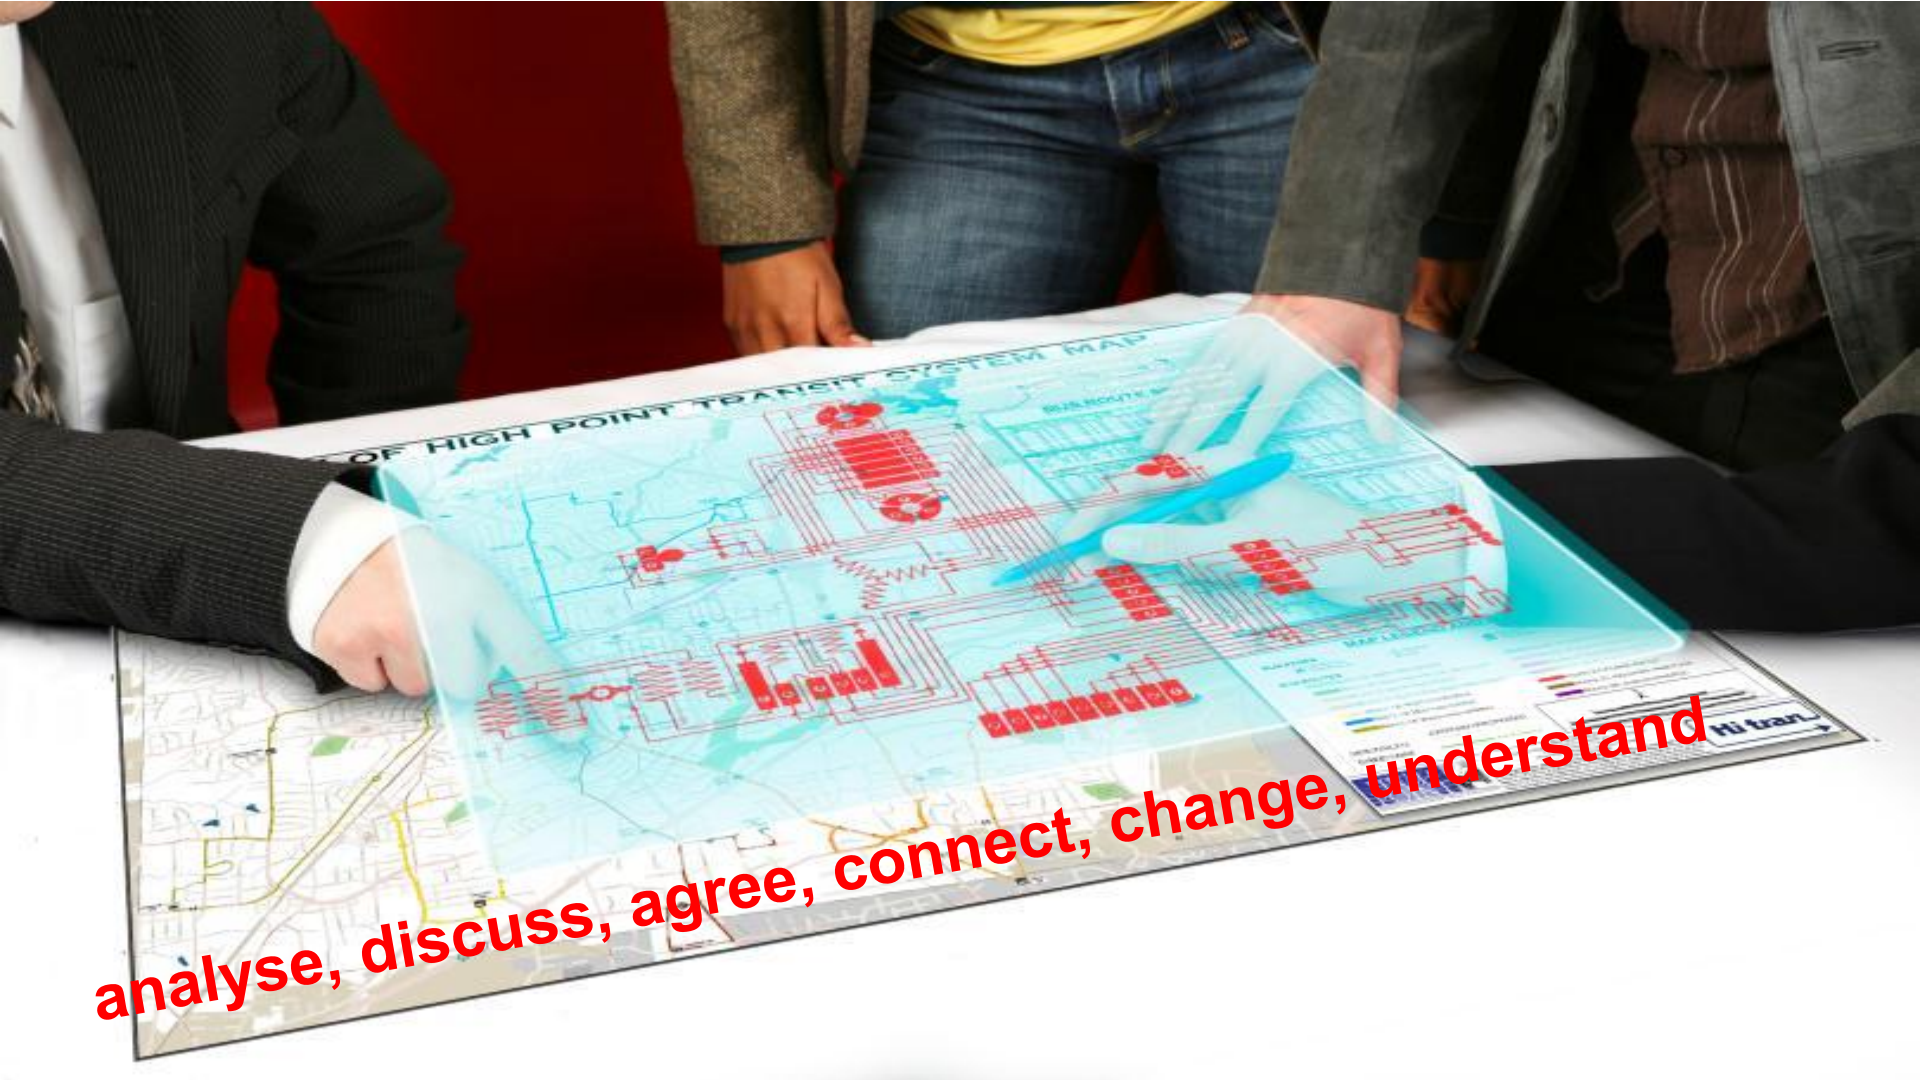

Communicate with clarity

What is critical in decision making

analyse, discuss, agree, connect, change, understand

Hi tran

**Access projects
and print on the go**

**Prints that are
more than prints**

Information Hub

**Manage
information across
teams without
territory limitation**

**Interaction
intuitive by
design**

Access & print your information from everywhere

Storm Water Maintenance is currently responsible for maintaining more than 3,500 miles of storm water lines.

Capture

- Print and Modify Maps
- Built in scanner quickly scan maps to content repository

Share

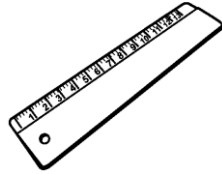

- Instantly share maps with ePrint&Share from list of contacts
- Saves time from delivering scanned maps in person

Store

- Maps are stored in online Library
- Access maps from offsite locations

Compact and Mobile

Easily fit this printer—the **smallest in its class**—where you need it in your studio.

The intuitive, full-color, 4.3-inch **touchscreen** simplifies navigation and printing.

Complete your work quickly and accurately, thanks to **true print previews from the driver.**

2015 Updates

Thank you.
